

Course Offer Guide

The Course Offer Guide is an integrated tool within the UniSQ Handbook designed to help students plan their studies with confidence. It provides a clear overview of:

- Course availability across the academic year (e.g. Trimester 1, Block 2).
- Delivery mode for each course, whether online, on-campus, or external.
- Campus offerings, showing where each unit is available.

This guide supports informed decision-making by allowing students to explore flexible study options and align their enrolment with personal and academic goals.

Program Rules

This program is comprised of 16 courses which consist of secondary and general education studies courses, professional learning and placement courses, discipline-specific curriculum and pedagogical courses for both teaching areas and the Literacy and Numeracy Tests for Initial Teacher Education (LANTITE).

Students intending to complete the program with four trimesters of full-time study in 1.5 years are advised on the importance of following the recommended enrolment pattern with a Professional Experience placement every trimester. The program has three courses which have blocks of supervised Professional Experience for a total of 60 days. The Graduate Teacher Performance Assessment (GTPA) (<https://www.graduatetpa.com/>) is a culminating summative assessment which is completed during the final supervised experience in the capstone course, EDM6100 Evidence of Learning in Teaching.

All students must provide evidence of an attempt at LANTITE by the end of their first year, which is measured by 8 completed units of study. For First Nations language speakers, recognition of First Nations language proficiency by a relevant cultural authority is an acceptable alternative standard.
